

Communication with Coach

Dear Coach,

Date:

_____ is taking my class this semester and needs a signature confirmation by you that he or she is a sports team member.

Sport: _____ Coach signature: _____ Date: _____

Students in this class are involved in a research project that involves caring for a computerized infant simulator for several days and nights. During that time, the student must wear an identification device (ID) on a tamperproof wristband that is similar to a hospital bracelet. The ID and wristband must remain on the student's wrist until I remove it after the parenting simulation is complete. I understand that the rules and enforcing officials may not allow a student to participate in your sport while wearing such a wristband.

Below, the student has listed the possible dates for the parenting simulation. I can program Baby to start after a Friday sporting event, but I require your help to do so. To ensure that the student is the only person who can care for Baby, I need you to attach the ID and wristband to the student's wrist after the Friday sporting event. It is a very simple procedure that I trust you to do if the student must rely on this delayed start option in order to participate.

Thank you for helping!

Coach's response

Please circle the best date.

Possible dates: _____

Any comments:

If a delayed start time after a sporting event would help on the date you circled, please indicate a reasonable time for Baby to become active: _____

The student must bring this form back to me for coordination of the parenting simulation, and then bring it back to you for signature on the night of the game.

Coach's and student's responsibilities AFTER THE SPORTING EVENT

On the first night of the parenting simulation, after the sporting event, coach must attach ID and wristband to student's wrist. Please sign when you have done so.

Coach's signature: _____ Date/time: _____

It is the student's responsibility to bring the ID and wristband to the coach for attachment and signature.

The student must submit this form with Baby when the parenting simulation is over.
