

Auscultation Trainer

Sole Source Statement

This is to certify that Realityworks, Inc. is the sole source of the Auscultation Trainer possessing the following characteristics and features:

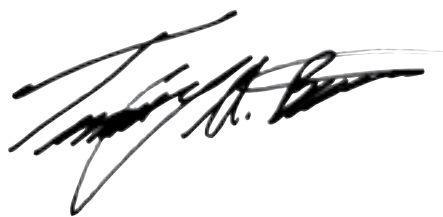

- Clear torso, front and back, featuring auscultation sites
- Details the major body organs for easy location of auscultation sites to teach stethoscope placement
- Teach nursing students on stethoscope placement as well as heart, lung, and bowel sounds
- Removable skin overlay to test students on their knowledge
- Controller and RealityScope
 - RealityScope attaches to the base of a stethoscope to read RFID tags marking the auscultation sites
 - Built-in speaker plays heart, lung, and bowel sounds when triggered at the right location through the RFID tags
- Smart device with app with training exercises and knowledge checks
- Storage case
- 1-year limited warranty
- Downloadable *Introduction to Auscultation Curriculum*

Realityworks is the originator of the Auscultation Trainer and holds all copyrights and patents to it.
