

guideWELD® LIVE Real Welding Guidance System

Sole Source Statement

This is to certify that Realityworks, Inc. is the sole source of the guideWELD® LIVE Real Welding Guidance System possessing the following characteristics and features:

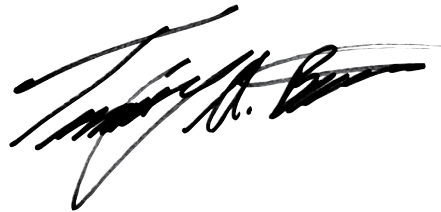

- Consists of the guideWELD LIVE curriculum, auto-darkening welding helmet with guides, speed sensor board with base, angle sensor, and AA rechargeable batteries and charger
 - Provides instant in-helmet feedback on work angle, travel angle and arc speed
 - Helps users establish proper welding positioning so they can focus on welding speed and the puddle
- Decreases cost of consumables as students produce quality welds faster
- Promotes manual dexterity and muscle memory by practicing proper techniques

Realityworks is the originator of the guideWELD® LIVE Real Welding Guidance System and holds all copyrights and patents to the guideWELD® LIVE Real Welding Guidance System.
