

8 Steps to Preparing RealCare Baby® for Returning to School

☐ Step 1: Complete an inventory

Each Baby should have:

	Student ID with wristband
	Bottle and/or breastfeeding device
	Toy
	2 diapers (one green patch and one yellow patch)
	Two-piece outfit
	Infant Bodysuit
	Sleepwear
	Charger (single charger or 5-baby charger)
	Identify any resources that you need to order, like wristbands, so you have the items on hand when school starts in the fall.

☐ Step 2: Restock your inventory with a supply order

Wristbands, student workbooks and other supplies can be ordered online or by contacting our Account Services Team (information@realityworks.com). www.realityworks.com ► **products** ► **fcs** ► **RealCare Baby**

☐ Step 3: Charge your Babies overnight

☐ Step 4: Access your curriculum and install the most recent version of RealCare Baby Control Center Software

- Access your curriculum and other downloads: www.realityworks.com/realcaredownloads/
- Install the latest version of our RealCare Baby software: www.realityworks.com/knowledge-base/realcare-baby-control-center/ (click on the box for Windows or Mac)

☐ Step 5: Re-add each RealCare Baby to your newly downloaded Control Center Software

- Watch a short video on how to add the Babies here: www.realityworks.com/knowledge-base/realcare-baby-control-center/ (expand the “How do I set up, clean up, or store my product?” tab)

☐ Step 6: Conduct a troubleshooting test on each Baby

- Watch a short video on how to run a troubleshooting test here: www.realityworks.com/knowledge-base/realcare-baby-control-center/ (expand the “My product isn’t working” tab)

☐ Step 7: Conduct a demo of each Baby

- Watch a short video on how to run a demonstration here: www.realityworks.com/knowledge-base/realcare-baby-control-center/ (expand the “How do I use my product?” tab)

☐ Step 8: Watch additional how-to videos if needed

- Our how-to videos address topics like getting started, setting up Baby, programming simulations, printing reports and more. Find them all here: www.realityworks.com/knowledge-base/realcare-baby-control-center/
