INTRODUCTION

This alignment document demonstrates how the RealCare Product Curricula meet the objectives of the recently revised 2018 *National Standards for Family and Consumer Sciences* as listed in this document. Correlations are cited by specific curricula.

All of the RealCare Product Curricula are standards-based programs designed to be used with, and to enhance the educational value of the accompanying model or simulator. Written for teachers of high school level participants, the curriculum contains a Teacher Guide, active learning lesson plans, slide presentations, and student materials.

This document demonstrates the high degree of success students will achieve by using this curriculum.
