

AGRICULTURE CAREERS

Why consider an Agriculture career?

- **You'll make a difference.** In the next 3 decades, agriculture production will need to increase by 70% to feed the world's population. ⁽¹⁾
- **Diverse job opportunities.** Interested students can explore careers in agribusiness, food production, produce, food processing, and horticulture industries. ⁽¹⁾
- **Agriculture is everywhere.** It provides food, fabrics, wood for construction, paper products, plant and animal products. ⁽²⁾
- **Technological advancements.** Technology is continuously evolving as growers embrace technology to produce more crops. ⁽¹⁾
- **The industry is growing.** Over 50,000 jobs in agriculture are available per year in the US, yet there aren't enough qualified graduates to fill the spots. ⁽³⁾

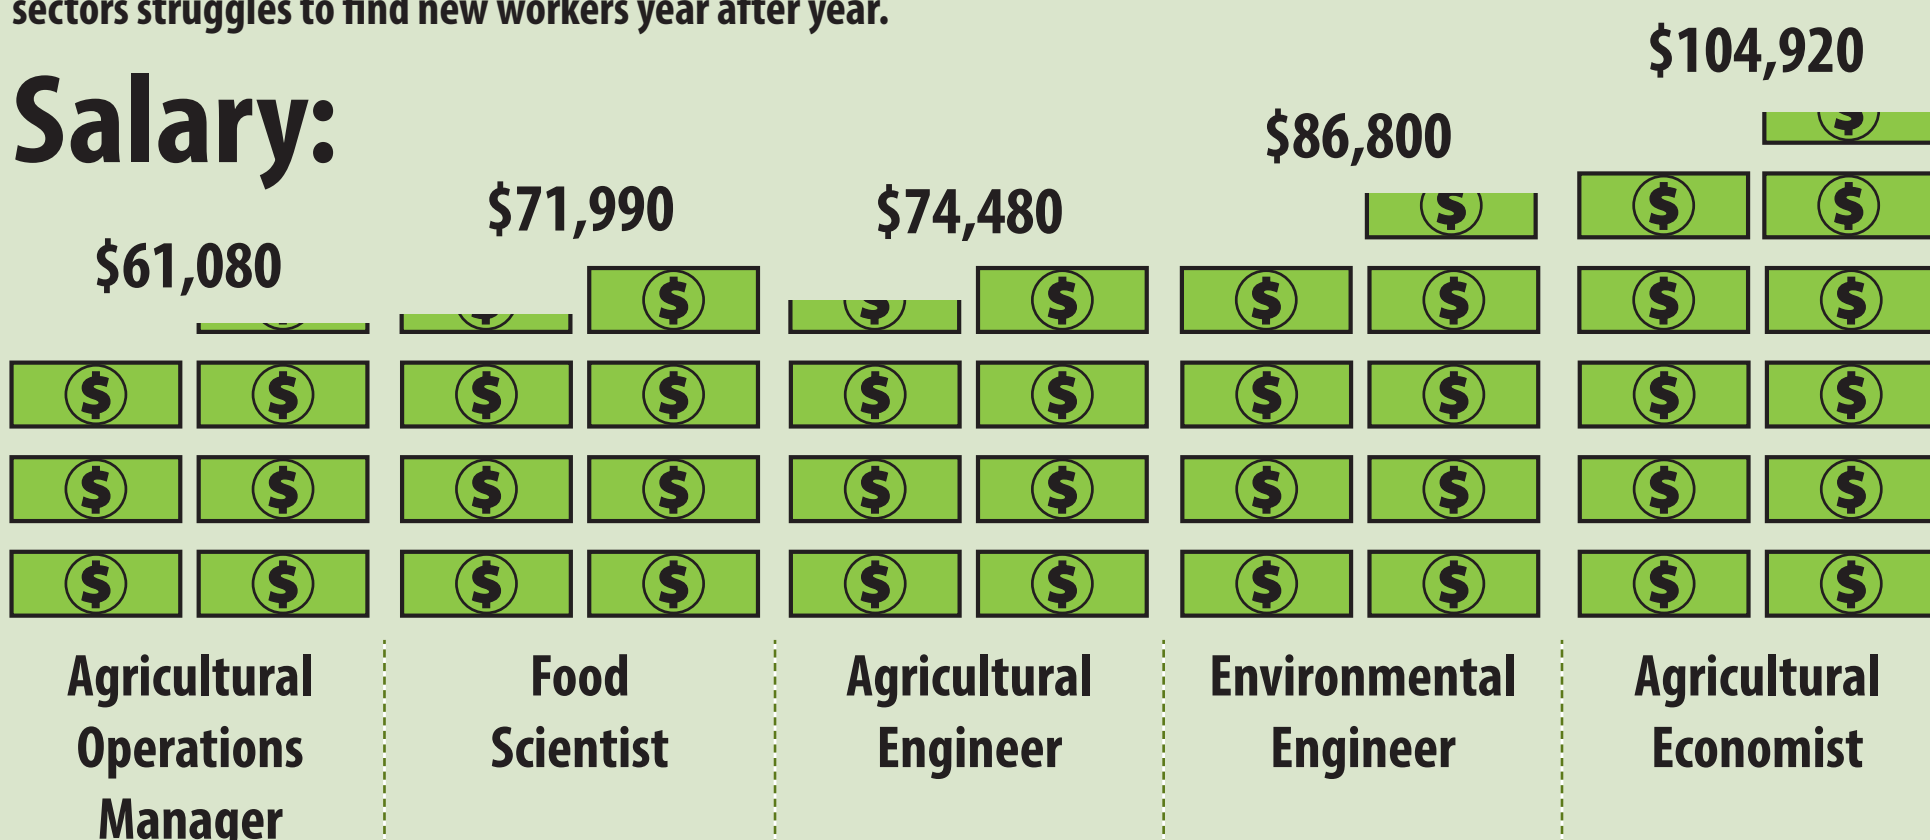

Life, physical, and social science occupations, including agricultural and environmental sciences, are projected to grow **7%** from 2018-2028, adding roughly **97,400 jobs**. ⁽⁴⁾

Top Agriculture Careers ⁽⁵⁾

In the US alone, over 50,000 jobs in agriculture are available per year, but there aren't enough qualified graduates to fill them. The UK also seems to be experiencing similar problems with labor shortage, as their horticultural sectors struggles to find new workers year after year.
